Notes:

Planning:

Week 1:

Divided into two teams

team1 takes Deals API

Kristin GET, DELETE

Vitali POST, PATCH, PUT

team2 takes Notes API

Ivan GET, POST, PATCH

Andre PUT, DELETE

Week 2:

- Complete all test cases and API testing by Tuesday.
- Postman collections exporting, mixing and upload to be done Tuesday-Wednesday.
- Try to do one more end-to-end set of test cases.

- Start making the final report page and finish by Saturday.
